## MENTOR
## @ INFINUM ACADEMY                2016

Held a UI/UX design lecture
and mentored students over a
six-week period

                                  2014 – 2015

ESAD Caldas da Rainha
— Graphic Design

                                  2012 – 2016

Polytechnicum Zagrabiense
— BA Informatic Design

## SR. PRODUCT DESIGNER           2017 — 2019
## @ FRESH ENERGY

Created hardware based
digital products opening new
business opportunities

Designed a complete brand solution

Designed/maintained a whitelabel
product used by 10.000+ users
across 5+ brands and 3 platforms

Established design processes,
conducted design workshops with
other departments

Followed up through implementation
and release — and iterated based
on results

## UI/UX DESIGNER @ INFINUM       2014 – 2017

15+ projects for corporate clients
and startups across the world

Applied user centered design through
research and testing

Defined and optimized internal
design processes

Closely collaborated with developers
during implementation

## FREELANCE       2017 – RIGHT NOW

Defining and managing design in
all project phases — from initial
kickoff to the final design review

Implementing design processes
and administrative workflows

Exploring different design mediums
through posters, clothes and
generative coding.

HELLO@IVANSKORO.COM

Ivan is a multidisciplinary designer
looking to solve problems. Constantly
learning, he applies best practices to
create usable products.

Lately, he is interested in intersection
of design and everyday objects, cars
in particular.
